

# fit-PC2i

## Where a fat PC doesn't fit

The ultimate micro-PC is here! You can use it in many applications where a traditional PC doesn't fit in. It is small, noiseless and consumes less power than an energy-saving lamp. It is built in an aluminium case and contains an industry-quality embedded CPU-board. All components are soldered for maximum reliability.

### The best of both worlds!

fit-PC2i is available with either the user-friendly Ubuntu Linux, fully loaded with Open Source software, with Windows XP Home Edition or Windows 7 for those who prefer Windows. It is also available without harddisk, perfect to use as a Thin Client in a network, or if you want to add your own harddisk/Flashdisk for special applications.

### KEY FEATURES

- Full-featured PC, tiny and power saving
- Intel Atom Z530 CPU @ 1.6 GHz
- Intel US15W chipset
- 1 GB DDR2
- 160GB SATA harddisk, easily upgradeable
- DVI display interface, up to 1920x1080.
- Audio 5.1 channels S/PDIF / mic in / line-in
- Two 1000Mb/s Ethernet ports
- 802.11g WiFi
- Four USB 2.0 ports
- RS-232 serial port
- miniSD/SDHC socket, bootable
- Phoenix BIOS 6-8 W
- Single 12V (8-15) supply, 6-8W, fanless operation
- Dimensions - 115 x 101 x 27mm
- Wake on Lan and Auto On

### SOFTWARE

- Ubuntu Linux
- Windows XP Home SP3 with Cyberlink Codec
- Windows 7 Professional Edition

### APPLICATIONS

- Diskless Workstation
- 24/7 Mini server
- Signage controller
- Library-school computer
- Navigation in boat or car
- Multimedia server
- Industrial controller
- Firewall

## Hardware

**CPU:** Intel Atom Z530 1.6GHz

**Chipset:** Intel US15W SCH

**Memory:** 1GB DDR2 on-board

**Graphics:** Intel GMA500 (resolution up to 1920\*1080) with HW video acceleration 1080p

## Storage

**HDD:** Uppgradeable 160GB SATA HDD  
mini SD/SDH socket, bootable

## Power

**Input:** DC12V (8-15 VDC tolerant)

**Adapter:** AC 100V-240V, 50-60Hz

## Operating systems

Windows XP Home with Cyberlink Codecs  
Ubuntu Linux  
Windows 7 Professional  
Other operating systems can be installed by user

## I/O

**Display:** DVI / HDMI connector , DVI-VGA adapter available

**Audio:** S/PDIF 5.1 via COAX line-out, line-in, mic-in

**LAN:** 2 x Gigabit Ethernet

**WLAN:** 802.11g

4 USB 2.0 ports

## Dimensions

H x W x L  
27 x 115 x 101 mm

System Technology Sweden AB är ett svenskt agenturföretag som levererar PC-baserad mätteknik inom områden som utveckling, utprovning, produktion, underhåll och processtyrning.
